**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with James Kelley on 2/13/04. The application has been amended as follows: please delete claims 80 and 81.

***Statement of Reasons for Allowance***

2. Claims 1-11, 14-29, 32-35, 42-49, 52, and 82-120 are allowed. The following is an Examiner's statement of reasons for allowance: Applicants' amendment overcome the formal objections made in points #4 and #5. The description of the drawings is located on page 11. Thus, the objection made in point #6 is withdrawn. Applicants' deletion of claim 50 renders moot the enablement rejection made in point #7. The present use claims are not drawn to any specific human therapy. Applicants' limitation of the range of variables o and p overcomes the obviousness rejection made over Epand (British Journal of Cancer) made in point #8. The proviso in claim 83 concerning R<sup>6</sup> deletes a member of a Markush list and does not introduce new matter. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
